

2025 My Health and Wellness Program

Get Rewarded for Engaging in Your Health and Wellness

We have enhanced our wellness program to provide you with a more streamlined wellness experience and give you more opportunities to get rewarded for participating in health and well-being activities.

How It Works:

In 2025, you will be able to earn points for engaging in health and wellness activities. Each point you earn is worth \$1 with the chance to earn up to 550 points or \$550 throughout the year!*** Best of all, you can redeem points every month rather than waiting until the end of the year.

We know the relationship you have with your Primary Care Provider (PCP)* is important and they are an essential partner to help you navigate your health. In order to redeem any of your earned points, you will visit your PCP for your annual wellness exam, including lab work (fasting glucose and lipid panel) and your biometric screening (height, weight and waist measurement), and complete your Know Your Number Assessment.* You will still have access to the Healthy Lives Program to earn points for one-on-one coaching sessions and participating in wellness challenges.

Here's how to start earning and redeeming points:

1. Complete your Know Your Number Assessment on the Healthy Lives portal**
2. Visit your PCP for a wellness exam, which will include a biometric screening and routine labs*
3. Engage in activities that help you achieve your goals and earn more points
