PURPOSE:

In accordance with ACGME guidelines, the Sponsoring Institution must provide residents/fellows with professional liability coverage, including legal defense and protection against awards from claims reported or filed during participation in each of its ACGME-accredited programs, or after completion of the program(s) if the alleged acts or omissions of a resident/fellow are within the scope of the program(s). The Sponsoring Institution must provide official documentation of the details of liability coverage upon request of the individual.

POLICY:

SFMC will provide liability exposure coverage to all residents for the clinical activities performed in SFMC facilities that are within the scope of resident training. This will be provided through a state approved malpractice carrier in accordance with FMOLHS insurance guidelines. This will include legal defense and protection against awards from claims reported or filed during participation in each of its ACGME-accredited programs, or after completion of the program(s) if the alleged acts or omissions of a resident/fellow are within the scope of the program(s).

Moonlighting will not be covered by the aforementioned insurance coverage. Coverage for any moonlighting, approved or not approved, will not be provided by St. Francis Medical Center. A resident who intends to engage in moonlighting activities at hospitals/facilities other than SFMC must ensure that he/she will be covered by professional liability insurance at the location at which the moonlighting activities take place.
